accepted.

08/103 Police Report

PC Judith McPherson presented the police report.

7.36 p.m. Cllr. Powell joined the meeting.

PC McPherson answered a number of questions and reported on a speed
enforcement exercise in Admaston. The meeting heard that on the 19th October
a speed survey was carried out by the police and on that occasion it was found
that the average speed on Wellington Road was 29.61 m.p.h., the highest
speed recorded being 38 m.p.h. on approach to the cross roads!

The meeting discussed speeds and driving standards.

7.49 p.m. PC. McPherson left the meeting after being thanked for her attendance.

08/104 Public Session

The meeting heard representations along with consultation evidence put by Mr
O’Grady (for the scheme) and Mr and Mrs Stanton (against the scheme) for
and against the placing of the “Allscott” lettering, which had been a part of the
sign at the sugar beet factory, on a piece of land in the village. Mr. O’Grady
had initiated the project and hoped that council would support his wish that the
letters could be used on a brick plinth to act as a village identity sign. Mr. and
Mrs Stanton were against the scheme; the proposed site was on a piece of land

they maintained and they stated that they held the land on licence from the Highway Authority. They felt that it would detrimentally affect their quality of life.

Mr. Cowling made representation that the pedestrian crossing in Admaston was still in an unsatisfactory state and the remedies sought by the parish council had yet to be attended to by the Borough. He requested that some action be taken over the dangerous manhole cover adjacent to the crossing.

Mr. Cowling informed the meeting that the Borough had repainted the road hatching adjacent to Broomfield Road in a most unpleasant gaudy yellow; he asked if council would request that the Borough return the hatching to its original white. The Clerk agreed to refer the matters to the Borough Council.

Mr. Orrell made reference to some items set down in the Development Plan which needed amending. He was also unhappy that the site of the Sugar Beet factory was incorrectly referred to in the plan as an Industrial Estate. Council was asked, by Mr. Orrell to reconsider its policy to press for the adoption of all footway lighting stating that it would be of no cost benefit to council. Mr. Orrell reminded the meeting that he had done a report on the matter some years ago and he agreed to provide the report for council to consider.

Mr. Orrell reported that the hedge on Admaston Green had become too wide making almost impossible for pedestrians to use the footway; the meeting agreed to investigate.

08/105 Declaration of Interest

Cllr. Craik declared an interest in planning application W08/1196.

08/106 Minutes

It was noted that in minute 08/88 the words “would or later cause” should be recorded as “would sooner or later cause” and that in minute 08/88 the word “Offers” should be recorded as being “Officers”. Subject to those amendments;

The Minutes of the meeting held on 8th October 2008 were confirmed and signed, by the Chairman, as a true record.

8.10 p.m. Cllr. Mrs Jo savage joined the meeting.

08/107 Allscott Village Sign

Cllr. Mrs Evans introduced the topic and gave details of the initiative to provide an “identity” for Allscott along with proper signage. Cllr. Mrs Evans gave details of a number of possible general improvements to the village of Allscott.

The Chairman tabled a map and plans provided by Mr. O’Grady and questioned whether such development would be permitted. Cllr. Craik stated that permission of the Highway Authority would have to be sought.

Cllr. Dawes expressed doubt that such a scheme would suit the area. Cllr. Mrs Evans provided the example of similar sign being placed at the entrance to the village of Tong and stated that it did not look industrial.

Cllr. Mrs Savage felt that the sign was too urban and was not in keeping with the programme of providing rural signage. Cllr. Mrs savage also expressed concerns over the danger which may be present on the road in question.

Cllr. Powell stated that having listened to Mr and Mrs Stanton he was reluctant to force something which was purely decorative on someone who did not want it.

Cllr. Craik shared the view that the brickwork and silver lettering were not in keeping with the rural nature of the area however he felt that if the village of Allscott wanted such a sign then so be it. He reiterated that he did not feel that the sign was in keeping.

Cllr. Ballantyne adopted Cllr. Craik's comments and felt in addition that as the proposed site was juxtaposed to the oldest listed building in Allscott he did not think that the planning authority would allow it; he felt that such a scheme was unlikely to get beyond the drawing board.

Cllr. Elaine Ballantyne agreed with Cllrs Craik and Ballantyne stating that the proposed sign was not a rural sign and if there is a desire for a sign, perhaps a green sign would be more appropriate.

Cllr. Mrs Savage suggested that the silver signage would be more suitable for where the sugar beet factory was.

The Chairman stated that he was really heartened that an initiative had come from a member of the community and it had reminded council that there ought to be some kind of signage.

Cllr. Ballantyne proposed that as members were not convinced that the suggested site in the historical centre of Allscott was appropriate but felt that the suggestion had considerable merit and that a site closer to the former sugar beet factory would be more appropriate, then it should be resolved not to support the application as tabled. Seconded by Cllr. Powell it was RESOLVED not to support the application as tabled. [Cllr. Dawes abstained from the vote]
