appropriate to reinstate item 2 of the agenda - Police Session.

WPC McPherson introduced herself to all present and was introduced to
Members and the Clerk.

Cllr. Powell raised the matter of the youth initiative which was to have been
instigated by PC Palmer.

7.40 Cllr. Rawlings joined the meeting.

Cllr. Powell gave a report on a meeting about the initiative which had been
attended by WPC McPherson, Inspector Burke, Cllr. Brown and himself.
He stated that the youths had expressed a preference for a youth shelter in
Admaston (where the action was !) rather than any other initiative.

WPC McPherson said that she had got to know some of the youths and their problems - there can be up to 18 or 20 of them. It was the intention of the initiative to give them “ownership” of the problem. They need somewhere to sit and chat.

had The Chairman asked where it was to be sited and what time scale everyone in mind.

WPC McPherson stated that the time scale was very much down to “red tape” and the location preferred by the young people was in the vicinity of Admaston House. She explained what a Youth Shelter was.

The Chairman asked for the matter to be placed on the agenda in the near future.

Members discussed the experiences of other areas in the provision of shelters and their management and supervision. WPC McPherson informed the meeting that it was intended to produce a questionnaire to ascertain the exact requirements.

on Cllr. Orrell reminded the meeting that play provision for the parish remained the agenda and suggested that the council await the results of the questionnaire and form a working party. The Chairman replied that the two matters were not necessarily connected but the questionnaire would show if they were.

WPC McPherson agreed to let members see details of available shelter designs.

Members agreed to place the matter on the agenda for the next meeting.

Cllr. Orrell asked what was happening about the initiative (PC Palmer) to provide a room at Admaston House. WPC McPherson stated that the paper work had been handed by PC Palmer to the Trustees of the House but she understood that grants had been applied for. Cllr. Powell stated that no grants had been applied for and the matter had only been discussed. He was not aware of the trustees receiving any paperwork. WPC McPherson agreed to look into the matter.

The meeting heard that the Police had now employed a supervisor to the Neighbourhood Watch Scheme.

The Chairman raised the continuing problem of vehicles parking on pavements in the parish. Details were given and WPC McPherson agreed to look into the matter.

8.12 p.m. The Chairman thanked WPC McPherson for her attendance and she left the meeting.

Cllr. Mrs. Watts left the room.

Cllr. Orrell referred to a memo he had sent to the Chairman requesting a working group to liaise with Mr. Owen and the young people of the area to see what may be needed and how it could be funded.

Cllr. Ballantyne agreed that in light of information received from the Beat Manager such a group would be a good idea. Cllrs. Orrell, Powell and Rawlings agreed to serve on a group should it be required. Cllr. Orrell agreed to write to Mr. Owen.

Cllr. Mrs. Watts rejoined the meeting.

Members agreed that their plight should be brought to the attention of the Highways Agency.

02/141 Traffic/ Transport/ Highway Matters

Shawbirch Road

The Clerk reported that the council was still awaiting the promised plans from T&WC. There had been some amount of communication between the Clerk and Mr. Harvey. The Clerk had sent copies of all communications on the matter to Mr. Harvey. Mr Harvey had appeared to have forgotten entirely the meeting which he had attended earlier in the year at the police station where he himself had put forward the suggestion that it may be possible to provide a build out at Shawbirch Road.

The Clerk was asked to send a letter with some strength of feeling from the council stating that it is not acceptable for an officer to pretend that he has no recollection of the meeting or the conclusion to which the meeting came. Members supported the Clerk in writing to Mr. Harvey to ensure that the scheme would be available for the October meeting of the council.

HGV Traffic

Cllr. Orrell gave a report on the correspondence between the council and T&WC on the matter of the new access road at the sugar beet factory. T&WC had forwarded the parish concerns to Sterling Maynard who had given replies. Cllr. Orrell expressed concerns that it was Sterling Maynard who carried out

the environmental impact study for previous applications on the site and they could hardly therefore be impartial.

With regard to the imposition of weight limits, Cllr. Orrell suggested that the council write back to T&WC referring to it stating that if the proposed traffic signs work, they should ease congestion at Rushmore, Long Lane and Admaston, if not then perhaps they should consider the suggestion that weight limits should be imposed in these lanes. Cllr. Orrell wished it to be clear that the council is not trying to close any business down, it is merely seeking a solution to the problems.

Local Transport Plan - Progress Report

Cllr. Orrell agreed to read the report.

Speed Limit Order - Wrockwardine Village

Having requested the order be placed, Members were pleased to note that it had been implemented.

Rural Transport User Group

Cllr. Ballantyne reported that there had been one local youngster who had taken advantage of the Wheels To Work Scheme.

The council is still awaiting quotes for the remaining restoration work.
