**12/01 The minutes of the meeting held on 17th January 2001 were confirmed and signed by the Chairman as a true record.**

**13/01 Consultation Process**

The Chairman thanked members of the group for attending and Cllr. Mrs. Hargrave for the use of her home as the venue for the meeting.

The Chairman stated that he was anxious not to spend too much time discussing the decision, made at the previous evenings Parish Council meeting,

not to defer the Town Green application whilst public consultation takes place.

The Chairman suggested that perhaps this group should defer the consultation process until after the determination of the Town Green application, since some of the available options may no longer be available after the determination. Since T&WC had notified the council that it intended to determine the matter within two months, consultation would be, at this stage, inappropriate.

Members discussed the Town Green application and its implications on the consultation process. After a lengthy debate on the matter, where all members hoped that the relationship which had been developed between the Parish Council and Trustees could continue, the Chairman proposed that the business of this working group be adjourned until such time as the fate of the Town Green application has been determined by T&WC and the Parish Council, at such time, a decision can be made as to the future roll and function of this group. This view was supported by all and it was

**Resolved unanimously.**

**There being no further business, the meeting closed at 8.39 p.m.**
